

Alameda County
Library Advisory
Commission
Meeting

Wednesday
May 20, 2015
7:00 p.m.

Fremont Library
Fukaya Rooms A & B
2400 Stevenson Blvd.
Fremont CA

Patrons are invited to a public review of the Library's **materials handling procedures**. This topic includes the removal of library material as discards and how discards will be handled in the future. Are you concerned about a reduction of material due to over-weeding? Is there less to browse? Does remote management lead to good or bad decisions about branch collections? How can Library Administrators restore transparency, accountability and public **trust**?

To Really Understand, Stop Talking.

Listen.

Announcement of public meeting. For more info on preserving the breadth and depth of library collections, visit Library Book Savers on Facebook.
